Incoming students briefing notes

These notes are intended for students who are transferring into the Engineering Tripos from other Departments and those who are undertaking an exchange at the Department.

If you wish to apply to transfer to Part IIA of the Engineering or Manufacturing Engineering Triposes please see the guidance notes and complete the application form.

You might also find the Terminology Guide for Cambridge and/or Engineering-specific jargon, abbreviations and acronyms useful as you settle in to the Department.

Table of contents

- How to read the lecture card
- Essential equipment
- Non-compulsory costs

Information specific to transferring and exchange students

Industrial experience

Transferring students are urged to make an appointment with the Industrial Experience Coordinator at the earliest opportunity. Visit the industrial placement website for further information.

Registration timetable

Registration day: Tuesday 6 October 2020

Registration takes place in the Department of the main (Baker) building of the Engineering Department, in College groups. All students (Part IA plus exchange students and those transferring to any Part of the Tripos from other Departments) should register in accordance with the schedule below:

The Registration process is as follows:

- Drawing and Project Office (DPO) where you will be asked to sign up for lab partners, enter your registration details on a computer terminal and to complete an 'Application for Access to the Teaching Equipment' form. You will need your CRSid and Raven password. NB you will be unable to log on to the CUED Teaching System until about a day after you have registered. You should note the guidance about the Department's computer system.
- Dyson Centre for Engineering Design - your undergraduate makerspace, where you can experiment and transform your engineering ideas into reality.
- Library - During your visit to the Library you will discover how to find and borrow books, see the different spaces the Library provides for you, and find out about referencing for your assignments and further Library support for your studies.

The whole process should take about an hour (slightly longer for those colleges with larger numbers of students).

If you are not a first year student please notify the staff in charge, telling them whether you are an incomer or an exchange student.

---

Introductory Lectures

**Introductory lectures: Wednesday 7 October 2020, 9.15–11.00 in LT0**

All first year students must attend these lectures. Incomers into other years are also very welcome.

At this lecture you will be issued with the following:

- A folder containing databooks - you will need these for all four years
- a folder containing general information, coursework instruction documents and the Freshers Maths Quiz
- a pair of safety specs

---

**Health and safety at work lectures**

All new and incoming students to Engineering must attend this lecture which takes place at 10.30-11.00 on Wednesday 7 October 2020 in LT0. Attendance will be registered. Any late incomers should attend the repeat of this talk on Wednesday 14 October 2020 at 1pm in LT0.

**How to read the lecture card**

### Essential equipment

**Drawing equipment**

All students will need the following essential drawing equipment and this should be purchased in advance of the start of term. Depending on which lab group you are allocated to you may need it for the Structures Lab, which for some students will start in week 2.

A supply of complete drawing kits will be available to purchase at your first Structural Design session (Mich term) at a cost of £20.00. Due to the COVID situation we are currently unable to sell these from our Main Stores (Inglis Building, ground floor) or the vending machine located in the Design and Project Office (DPO).

In addition, payment can only be made via card, no cash sales are permissible.

The drawing kit comprises of the following items (full details/part numbers available here):

- HB Pencil
- Shine Plastic Eraser
- Blundeil Harling 300mm ruler
- Ecobra Compass
- Rumold Circle template
- Rumold Protractor

*Please note, using equipment that does not meet the criteria we have set out may affect the quality and accuracy of your work and therefore it is possible you may be penalised when submitting for marking.

If you wish to purchase your own equipment we would advise you to buy items of at least a similar standard to those we have recommended.

**University approved calculator**

Please refer to the University approved list of calculators for those permitted to be used in the exams. Due to the COVID situation we are currently unable to offer these for sale.

**Databooks**

A full set of Databooks will be given to you at the Introductory Talks. Databooks are needed for all four years. Replacements cost £2 per booklet (cash) and can be obtained from the Teaching Office.

---

**Non-compulsory costs**

**Centre for Languages and Inter-Communication (CLIC) trips**
The cost of these optional trips for those taking language courses (which are often open to students in all years) is c. £300.

**Photocopying and printing**

Students are required to pay for photocopying and printing if they exceed their quota, which is designed to accommodate the majority of the requirements of the course.

**Constructionarium Part IIA project**

Constructionarium project: students taking this option are required to buy safety boots (£30) and contribute to the cost of the course - *Estimated cost to student £270*
