Part IIB syllabuses; links to online resources

Index

- **Group A: Energy, Fluid Mechanics and Turbomachinery**
- **Group B: Electrical Engineering**
- **Group C: Mechanics, Materials and Design**
- **Group D: Civil Engineering**
- **Group E: Management and Manufacturing**
- **Group F: Information Engineering**
- **Group G: Bioengineering**
- **Group I: Imported Modules**
- **Group M: Multidisciplinary Modules**

Note that all modules are assessed by 100% Coursework, or 100% Examination, or 75% Examination and 25% Coursework. In all cases, the definitive form of assessment is given in the Faculty Board's Modules & Sets document. The Faculty Board also publish an outline of the coursework requirements for Part IIB 100% coursework modules but you should see the module syllabus pages for further details.

**Interactive booklists for Part IIB are available on Moodle.**

**Course material on Moodle**

</tbody>
</table>

## Group I: Imported Modules

Note that these modules are all imported from other courses, and hence might be timetabled at unusual times and in unusual places, and have a different course structure to other IIB modules. Also, many of them have a cap on numbers. However, they do provide a tremendous opportunity to learn about a wider range of technology than the Engineering Tripos would otherwise provide.
