

NOTICE

**Project, Coursework and Examination Credit for Part IIB of the
Manufacturing
Engineering Tripos**

The Examiners for Part IIB of the Manufacturing Engineering Tripos in 2024 will take account of work produced by candidates. The Faculty Board have determined that this shall consist of work with the requirements and total marks available set out below.

300 marks divided as follows:

Manufacturing systems and robot lab	55 marks
One two-week industrial assignment	45 marks
One four-week industrial assignment	80 marks
Individual long project	120 marks

300 marks in total are available for the examination papers:

Two written papers, each marked out of 100	200 marks
Teaching modules, combined mark	100 marks

Some questions in the written papers may be based on written material provided by the examiners in advance; such material will be included as part of the examination paper and candidates may not bring any papers into the examination. Some of the teaching modules may be assessed through written examinations or other forms of assessment or a combination thereof as described in the MET IIB student handbook.

Students are expected to undertake all the coursework as specified above.

Students should refer to the MET Extensions & Penalty policy, which is included in the MET student handbook.

Work submitted for marking must be that of the student who submits it, as defined in the [plagiarism, cooperating and cheating guidelines](#).
