

UROP - Available Projects

The UROP is designed to support undergraduates studying at the University of Cambridge who are going to return for at least one more year of undergraduate study.

Final year undergraduates and postgraduate students should not apply.

Some projects with external funding have additional restrictions, such as those funded by EPSRC.

If you have any questions please contact Joe Goddard, [Industrial Placements Coordinator](#), who administers UROP projects for the Department of Engineering.

Further information can be found below:
